Two-candidate-preferred summary

Burwood District by-election: 11 December 1999

These results are the indicative two-candidate-preferred (2CP) count. The Electoral Commissioner may direct the returning officer to conduct a two-candidate-preferred count, under which the preferences on ballot papers for 'minor' candidates are distributed to the two candidates considered by the Electoral Commissioner to be the most likely to be in the lead on election night. The purpose of the two-candidate-preferred count is to provide an early indication of the result of the election, to provide two-party-preferred statistics by polling place, and, if no preference distribution is required, to provide a two-party-preferred statistic for the electorate.
